#### \*Notes

- (1) Changes in significant subsidiaries during the term (Changes in specific subsidiaries accompanied by changes in the scope of consolidation): None
- (2) Use of simplified accounting method and special accounting policy for quarterly financial reporting: Yes Calculation of tax expenses

Taxes are calculated by determining a reasonable estimate of the effective tax rate, after the application of tax effect accounting, for income before income taxes in the current fiscal year (including the third quarter). Quarterly income before income taxes is then multiplied by this estimated effective tax rate to calculate taxes.

- (3) Changes in accounting principles, estimates and retrospective restatement
  - 1) Changes due to revision of accounting standards: Yes

Change in accounting policy

(Application of accounting standard for revenue recognition, etc.)

USS started applying the Accounting Standard for Revenue Recognition (ASBJ Statement No. 29, March 31, 2020) and related items in the first quarter of the fiscal year ending in March 2022. In accordance with this standard, revenue expected to be received in exchange for goods or services is recognized when control of the promised item or service is transferred to a customer.

The application of the revenue recognition standard uses the transitional measures in the proviso to paragraph 84 of this standard. As a result, the cumulative effect of the retrospective application of the new accounting standard, if it is applied to the first quarter of the current fiscal year, is added to or subtracted from retained earnings at the beginning of the first quarter of the current fiscal year. The new standard is then applied beginning with this amount of retained earnings. However, the new accounting standard had no effect on retained earnings at the beginning of the current fiscal year. Furthermore, the new accounting standard had no effect on the quarterly consolidated financial statements.

Due to the application of the new revenue recognition standard, "Notes and accounts receivable-trade," which was included in current assets in the previous fiscal year's consolidated balance sheet, is now included in "Notes and accounts receivable-trade, and contract assets." In accordance with the transitional measures in paragraph 89-2 of the new revenue recognition standard, the presentation of financial statements for the previous fiscal year has not been revised to match the new presentation method.

(Application of Accounting Standard for Fair Value Measurement, etc.)

USS started applying the Accounting Standard for Fair Value Measurement (ASBJ Statement No. 30, July 4, 2019) and related items in the first quarter of the fiscal year ending in March 2022. In accordance with the transitional measures of paragraph 19 of this standard and paragraph 44-2 of the Accounting Standard for Financial Instruments (ASBJ Statement No. 10, July 4, 2019), the new fair value measurement method stipulated in the new standard, etc. is used for fair values in the future. As a result, the application of this standard had no effect on the consolidated quarterly financial statements.

2) Changes other than in 1) : None
3) Changes in accounting estimates : None
4) Retrospective restatement : None
