Comments on Used Car Auction Data (May 2024)

The number of auctions held in May increased one auction at each of four sites, including Tokyo and Nagoya and decreased one auction at two sites, Yokohama and R-Nagoya compared to the same month in the previous fiscal year because of calendar factors.

As a result, number of consigned vehicles was up 5.0% (YoY) and number of contract completions was up 20.9% (YoY).

Year on year comparison (calendar factor adjusted)

After adjusting for calendar-related factors, the results for USS Group auctions in May 2024 compared with the corresponding period of the previous year (May 3, 2023 to June 2, 2023) were as follows. There was one less auction than in 2023 at two sites, Yokohama and R-Nagoya because of the different timing of holidays during Japan's Golden Week holiday period.

	This month	Prv. year	YoY
Number of consigned vehicles	238K	255K	93.4%
Number of contract completions	171K	158K	108.4%
Contract completion rate	71.9%	62.0%	-
Average price of vehicles contracted	¥1,203K	¥990K	121.5%
