FY 2020 Business Segment Performance

Auto Auction

Vehicles consigned decreased 9.0% to 2,661 thousand; contract completions decreased 5.2% to 1,680 thousand (contract completion rate: 63.2% compared with 60.6% in the previous fiscal year)

Although auction fees decreased because of the smaller number of vehicles consigned and contracted, operating profit increased because of decreases in guarantees involving purchases of low-priced vehicles and in personnel expenses.

Used Vehicle Purchasing and Selling Segment

At Rabbit, which purchases used vehicles, the sales volume decreased. But after the declaration of a state of emergency was lifted in May 2020, gross profit per vehicle improved due to higher auction prices, resulting in lower sales but higher profits. (Net sales decreased 2.2% to ¥4,947 million, operating profit increased 121.3% to ¥142 million)
In the accident-damaged vehicle purchasing and selling business, the sales volume decreased, but after the emergency declaration was lifted in May 2020, the gross profit per vehicle increased. As a result, sales were down but earnings were higher. (Net sales decreased 8.4% to ¥3,699 million, operating profit increased 231.2% to ¥129 million)

Other Segment

In the recycle business, the combination of a smaller recycling volume but an increase in the price of ferrous scrap resulted in lower sales but higher earnings. (Net sales decreased 6.4% to ¥4,829 million, operating profit increased 21.6% to ¥376 million)

There was an operating loss in the used vehicle export clearing service business*1 because of a smaller volume of orders received caused by a big downturn in the number of used vehicles exported. (Net sales decreased 41.5% to ¥263 million, operating loss ¥29 million (operating profit of ¥32 million in FY3/20))

*1 USS shut down this business on March 31, 2021 and the company that operated this business has started liquidation proceedings.
