Dear Shareholders:

Yukihiro Ando
 Chairman and Representative Director
 USS Co., Ltd.
 507-20 Shinpo-machi, Tokai, Aichi, Japan

Notice of the 40th Annual General Meeting of Shareholders

You are cordially invited to attend the 40th Annual General Meeting of the Shareholders of USS Co., Ltd. (the "Company"), which will be held as per the schedule below.

To prevent the spread of the new coronavirus, the Japanese government has declared a state of emergency and the national and prefectural governments are strongly urging people to stay home as much as possible. After a thorough examination of how to respond to this situation, USS decided to hold this year's General Meeting of Shareholders while taking appropriate actions for preventing new coronavirus infections.

As people are currently strongly urged to stay at home as much as possible, USS asks shareholders to submit voting instructions in advance in writing or by using electronic means (Internet, etc.) in order to prevent the spread of the new coronavirus. We strongly ask that shareholders refrain from attending this meeting in person regardless of your current health. To submit your voting instructions in advance in writing or by using electronic means (Internet, etc.), please read the Reference Materials for the General Meeting of Shareholders and exercise your voting rights by no later than 5:00 p.m. on Monday, June 22, 2020. You can do this by indicating "for" or "against" for each agenda item shown in the enclosed Form for Exercising Voting Rights and returning it to us, or by accessing the website designated by the Company and entering "for" or "against" for each agenda item. For more information about the procedure for exercising your voting rights by electronic means (via the Internet, etc.), please refer to "Exercising voting rights and other topics" (on pages 13-14).

New Coronavirus Safety Measures

1. Actions by USS

To prevent the spread of the new coronavirus, there will be no party after this year's shareholders meeting and shareholders will not receive a gift.

If necessary, depending on the situation on the day, USS personnel may run a check on their health, including body temperatures, and wear masks. Hand sanitizer will be placed at the entrance for the use of shareholders and shareholders will be asked not to sit close together and take other preventive measures.

To shorten the meeting in order to prevent the spread of the new coronavirus, there will be no explanations of the details of items to be reported (including the audit report) and items to be resolved. Shareholders are asked to read this information in this shareholders meeting notice in advance.

Shareholders can use the Internet to view a live webcast of the shareholders meeting starting at 11:00 a.m. This webcast can be viewed by accessing the USS website (<https://www.ussnet.co.jp>).

- Notes:
1. The shareholders meeting will be shown from the back of the room and care will be exercised to avoid showing individuals who are attending the meeting. However, individuals may unavoidably be visible at times as part of the overall picture.
 2. USS plans to include the shareholder question and answer session in the shareholders meeting webcast. To ask a question, shareholders are requested to submit a request by using only attendance numbers.
 3. The shareholders meeting webcast cannot be used to submit votes or questions.

2. Requests to shareholders

USS may revise the actions explained in the preceding section depending on upcoming changes in the severity of the new coronavirus outbreak, government orders and directives, and other events. Please check the USS website (<https://www.ussnet.co.jp>) for the latest information.

Submitting voting instructions by using the Form for Exercising Voting Rights creates a new coronavirus infection risk associated with sending this form and the subsequent processing of these forms. When submitting voting instructions in advance, shareholders are asked to vote by using electronic means (Internet, etc.) as much as possible.

3. Request to shareholders who plan to attend the meeting

Shareholders plan to attend the meeting are asked to bring masks to wear at the meeting.

USS personnel will check the temperatures of shareholders at the entrance and individuals with an elevated temperature, individuals with a health problem, and individuals who have returned from a trip outside Japan within the past 14 days may not be allowed to attend the meeting. Shareholders who have returned from a trip outside Japan within the past 14 days are asked to provide this information to USS personnel at the reception desk.

REFERENCE MATERIALS FOR THE GENERAL MEETING OF SHAREHOLDERS

Item 1: Appropriation of retained earnings

The Company proposes to appropriate retained earnings as follows:

Matters related to year-end dividends

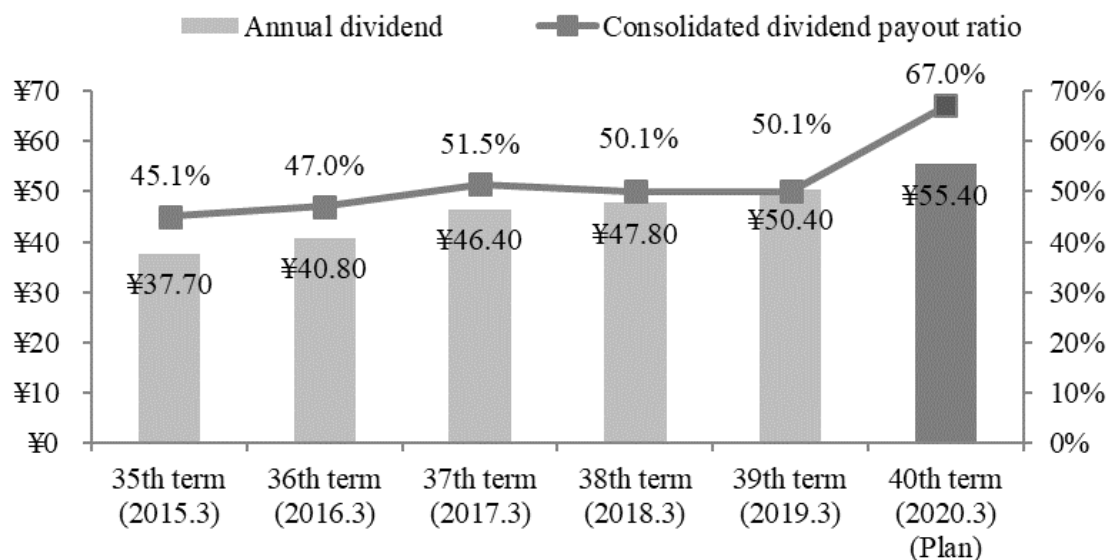

Our basic policy is to maintain the stability of dividends while linking dividends to results of operations from the standpoint of distributing profits in a suitable manner. Consequently, we use the consolidated dividend payout ratio as our guideline and our current basic policy is a payout ratio of at least 55%.

We have set the dividends at end of period for the current year as follows based on this basic policy.

Type of dividend property	Cash
Matters concerning allotment of dividend property and the total amount	Amount per common share 29.80 yen Total Amount 7,436,075,681 yen Since the Company paid an interim dividend of 25.60 yen per share, the final annual dividend will total 55.40 yen per share for the fiscal year under review.
Date when the dividends from retained earnings take effect	June 24, 2020 (proposed)

Item 2: Election of eight (8) directors

The terms for all ten (10) present members of the Board of Directors will expire at the close of the 40th Annual General Meeting of Shareholders (“the current Annual General Meeting of Shareholders”).

Shareholders are asked to approve the election of the following eight director candidates, including three outside directors. USS proposes to reduce the number of directors by two in order to enable the directors to reach decisions faster and to strengthen the oversight function of the Board of Directors.

Brief information on the candidates is as follows:

Since being appointed as an Outside Director in June 2018, she has taken advantage of this knowledge in giving advice on various issues in management in general, and thereby contributed to the enhancement of corporate value. Based on the above, we have presented her as a candidate for Outside Director and we would like her to continue to perform her duties as Outside Director.</p>			

- Notes:
1. There are no special interests between the Company and each of the candidates.
 2. Matters related to candidates for outside directors are as follows:

(1) Hitoshi Tamura, Akihiko Kato and Nobuko Takagi are candidates for outside directors. The Company has designated Mr. Tamura, Mr. Kato and Ms. Takagi as independent directors in accordance with rules of the Tokyo Stock Exchange and Nagoya Stock Exchange and has notified these stock exchanges that they are independent directors. If Mr. Tamura, Mr. Kato and Ms. Takagi are reelected as directors by shareholders, the Company plans to designate them as independent directors.

The Company's transactions with the Ricoh Group, where Mr. Tamura, a candidate for the post of director, has served either at Ricoh Company, Ltd. or Ricoh Japan Corporation until June 2011, account for less than one percent of the Company's consolidated net sales in the current fiscal year. Relatedly, for Ricoh Group, the amounts involved in the transactions with the Company account for less than one percent of its consolidated net sales of the current fiscal year.

As the Company's transaction volume with Ricoh Group is small, the Company does not consider the circumstances of these transactions to be in any way problematic in connection with his assignment as an independent director.

(2) Period in office of incumbent outside directors who are candidates for outside directors

The period in office of incumbent outside directors Hitoshi Tamura and Akihiko Kato will be six (6) years upon closure of the current Annual General Meeting of Shareholders.

The period in office of incumbent outside director Nobuko Takagi will be two (2) year upon closure of the current Annual General Meeting of Shareholders.

(3) Outline of liability limitation agreement

Hitoshi Tamura, Akihiko Kato and Nobuko Takagi are currently outside directors of the Company. In order to assure that outside directors can carry out their expected duties satisfactorily, the Company has a liability limitation agreement with Mr. Tamura, Mr. Kato and Ms. Takagi in accordance with the provisions of Article 427, Paragraph 1, of the Companies Act and Article 27 of the Articles of Incorporation of the Company.

This agreement limits liability to the higher of 4 million yen or the amount designated by laws and regulations.

If Hitoshi Tamura, Akihiko Kato and Nobuko Takagi are reelected as directors by shareholders, the Company plans to renew this liability agreement.

Business Report

(From April 1, 2019 to March 31, 2020)

1. Matters relating to the current state of the USS Group

(1) Progress in the Businesses and the Results

In Japan's automobile sales market, the number of new car registrations was more than 5 million for the fourth consecutive year in the fiscal year that ended in March 2020. One reason was the launch of several new models by automakers. Between April and September 2019, there were 2,621 thousand new vehicle registrations (including mini-vehicles) as people rushed to complete purchases prior to the October 2019 consumption tax hike. This was 5.6% higher than in the same period of 2018. However, total registrations in the fiscal year decreased 4.2% to 5,038 thousand in part because of a big downturn that started in October. Used car registrations (including mini-vehicles) were 3,393 thousand in the fiscal year's first half, 3.4% higher than one year earlier. But due in part to a decline starting in October, total used car registrations decreased 0.4% to 6,929 thousand. (Source: Japan Automobile Dealers Association, Japan Light Motor Vehicle and Motorcycle Association)

Exports of used cars from Japan, which are greatly influenced by changes in demand within Japan for used cars, decreased 2.7% to 1,286 thousand. Among major overseas markets, the number of used vehicles exported to the United Arab Emirates, Russia and Myanmar increased and exports to Pakistan, Sri Lanka and African countries decreased. (Source: Trade Statistics of Japan Ministry of Finance)

In Japan's automobile auction market, the number of vehicles consigned increased 1.2% to 7,556 thousand and the number of contracted vehicles increased 0.0% to 4,814 thousand, resulting in a contract completion rate of 63.7% compared with 64.5% in the previous fiscal year. (Source: USED CAR Co., Ltd.)

The outbreak of the new coronavirus that started late in 2019 caused dramatic downturns in the economies of Japan and countries worldwide. This global crisis restricted international travel, forced governments to enact lockdowns, halted manufacturing by disrupting supply chains and created significant negative consumer sentiment. In Japan's automobile auction market, the number of vehicles consigned started falling in March because of this crisis.

Consolidated net sales decreased 2.2% to 78,143 million yen, operating profit decreased 3.0% to 36,009 million yen, ordinary profit decreased 3.5% to 36,710 million yen. Due mainly to an extraordinary loss of 3,863 million yen for the goodwill impairment associated with the August 2017 acquisition of Japan Automobile Auction Inc. (JAA), profit attributable to owners of parent decreased 19.2% to 20,634 million yen.

The JAA Auction Site that JAA operates in Edogawa-ku, Tokyo was rebuilt to provide more convenient services to members. The reconstruction of this facility was completed in May 2019. Although there were subsequently many sales activities to attract business to this auction site, its performance was negatively affected by the decline in automobile sales following the October 2019 consumption tax hike and the sharp economic downturn sparked by the new coronavirus crisis. As a result, the decision was made to write down the goodwill of JAA.

	39th term (Year ended March 31, 2019)	40th term (Year ended March 31, 2020)	Year on year
	(million yen)	(million yen)	
Net sales	79,908	78,143	Down 2.2%
Operating profit	37,123	36,009	Down 3.0%
Ordinary profit	38,039	36,710	Down 3.5%
Profit attributable to owners of parent	25,543	20,634	Down 19.2%

Sales by business category at the USS Group are as follows:

Auto Auction Business

USS has been taking numerous actions aimed at medium to long-term growth of its share of Japan's used car auction market. Activities include expanding existing auction sites, increasing and improving services for members, and seeking M&A opportunities. Due to acquisitions and other activities, the market share of USS has increased significantly from 32.3% in 2014 to 39.0% in 2019.

The number of vehicles consigned during the first half of the fiscal year increased 3.1% to 1,461 thousand. But for the entire fiscal year, vehicles consigned decreased 0.2% to 2,924 thousand because of the decline following the October 2019 consumption tax hike and the big downturn in March caused by the new coronavirus crisis. Furthermore, the number of contracted vehicles decreased 2.9% to 1,772 thousand and the contract completion rate decreased from 62.3% in the previous fiscal year to 60.6%. These declines were mainly attributable to the smaller number of people going to auction sites because of the new coronavirus crisis and the low level of used car exports from Japan.

As a result, sales to external customers decreased 2.1% to 63,350 million yen and operating profit decreased 2.4% to 35,436 million yen.

Used Car Purchasing and Selling Business

At the Rabbit used car purchasing business, sales and earnings decreased as the negative effect of a decrease in the number of vehicles sold, partly the result of closing unprofitable stores, outweighed the contribution to earnings of an increase in the gross profit per vehicle.

In the accident-damaged vehicle purchasing business, sales increased but earnings were down. The number of higher-priced vehicles sold increased but the number of vehicles sold decreased, in part because of closing unprofitable stores, and the gross profit per vehicle decreased.

As a result, sales to external customers decreased 6.2% to 9,099 million yen and operating profit decreased 11.3% to 103 million yen.

Other Businesses

In the vehicle recycling business, sales increased and earnings decreased due to the combination of a higher volume of industrial plant demolition projects and a continuation of the decline in prices of ferrous scrap. To add a new field of business, consolidated subsidiary ARBIZ Co., Ltd., which operates a recycling business, established a jointly owned company called SMART Inc. on April 25, 2019 for the purpose of expanding operations involving the disposal of industrial equipment and plants. SMART is owned jointly with SMFL MIRAI Partners Co., Ltd., a subsidiary of Sumitomo Mitsui Finance and Leasing Co., Ltd.

Used vehicle export clearing service sales and earnings decreased primarily because of a decline in the number of vehicles handled.

As a result, sales to external customers increased 3.1% to 5,692 million yen and operating profit decreased 36.7% to 369 million yen.

(2) Capital Expenditures

Consolidated capital expenditures totaled 6,560 million yen on an end-of-manufacturing basis in the fiscal year ended March 31, 2020. At the R-Nagoya Auction Site, construction of two multi-level parking structures was completed in March 2020 and the third structure was completed in April 2020.

1) Major facilities completed during the fiscal year

(4) Important Issues

The outlook for new automobile sales in Japan is expected to remain uncertain for a while because of the new coronavirus crisis. Furthermore, the October 2019 consumption tax hike is still having an effect on consumer sentiment involving the purchase of new automobiles. In the used car sales market, there are concerns about a prolonged slump in sales in Japan and exports from Japan because of economic downturns in Japan and other countries. As a result, the outlook for this market as well is likely to remain unclear.

To support Japan's used car sales market, the USS Group is taking actions concerning the following issues while implementing the rigorous measures for preventing COVID-19 that are needed to continue business operations. For all of these actions, the health and safety of auto auction members and USS Group employees are the highest priority.

- 1) Increase convenience for auction members
We will prioritize capital expenditures that will improve the level of convenience for members, thus increasing their overall satisfaction.
- 2) Conduct effective mergers and acquisitions
Considering mergers and acquisitions as ways to capitalize on opportunities for growth, the USS Group plans to invest aggressively in deals that can lead to growth in our future cash flow.
- 3) Collaborate with companies in various business fields
We will forge alliances with companies in different business fields where business and/or capital alliances have the potential to produce synergies.
- 4) Reinforce the used car purchasing and selling business and other businesses
The USS Group aims to become an integrated organization that will lead Japan's used car distribution market by expanding the used car purchasing and selling business and recycling businesses around our core auto auction business.

Furthermore, we will maintain a sound financial foundation, place emphasis on the equity ratio, maintain the return on equity (ROE) as an important performance indicator, and aim for an ROE of at least 15% as a medium-term goal.

ROE in the Past Five Years

Year ended March 31, 2016	Year ended March 31, 2017	Year ended March 31, 2018	Year ended March 31, 2019	Year ended March 31, 2020
15.1%	14.7%	14.8%	14.5%	11.3%

The consolidated business forecast for the fiscal year ending March 2021 is not established at this time because it is difficult to reasonably predict the impact of the spread of the COVID-19 pandemic. USS will promptly announce the forecast when it becomes possible.

For the consistent payment of dividends and the appropriate distribution of earnings to shareholders, USS uses the consolidated dividend payout ratio as the indicator for the dividend as a dividend policy linked to results of operations. As was announced in November 2019, the fundamental policy for dividends has been changed by raising this payout ratio from at least 50% to at least 55% beginning with the fiscal year that ended in March 2020.

The outlook continues to be uncertain because of the severe impact of the new coronavirus on economic activity of all types. USS regards dividend forecasts as a promise to shareholders. Consequently, the year-end dividend for the fiscal year that ended in March 2020 is planned to be 29.80 yen as announced. This will result in a fiscal year dividend of 55.40 yen and a consolidated dividend payout ratio of 67.0%. USS therefore plans to increase the dividend for the 20th consecutive year, resulting in a dividend increase every year since the initial stock listing.

For the fiscal year ending in March 2021, there is no dividend forecast because USS has not determined a forecast for consolidated sales and earnings.

We ask shareholders for your continued support.

(5) Other Important Items related to Shares

1) Purchase of Treasury Shares

USS purchased treasury shares as follows in accordance with a resolution approved by the USS Board of Directors on February 12, 2019.

	Year ended March 31, 2019	Year ended March 31, 2020	Total
Class of shares	USS common shares	USS common shares	—

Period of purchase	From February 13, 2019 to March 31, 2019	From April 1, 2019 to August 9, 2019	—

2) Overview of the Employee Stock Ownership Plan (As of May 11, 2020)

USS plans to reestablish a trust employee shareholding incentive plan, assuming that the Board of Directors approves a resolution on May 12, 2020 to take this action. The purpose of this plan is to give USS Group employees a greater incentive to contribute to the medium to long-term growth of corporate value.

USS will establish the USS Employee Stock Ownership Association Trust at a trust bank. Over a certain period of time following its establishment, this trust will purchase in advance the number of shares of USS stock that are expected to be acquired by the USS Employee Stock Ownership Association. This stock will then be sold to this association every month until the trust ends. The trust will use bank loans guaranteed by USS to procure the funds needed to purchase USS stock.

If there is a cumulative gain on sales of stock held by the trust due to the sale of stock to the Employee Stock Ownership Association when the trust ends, an amount equal to this gain will be classified as residual trust assets and will be distributed to trust beneficiaries who meet the qualification requirements. If there is instead a cumulative loss on sales of stock held by the trust because the price of USS stock declined, USS will repay the remaining loan equal to this loss.

- Notes: 1. Main conditions for the exercise of Stock Acquisition Rights are as follows:
- (1) A Stock Acquisition Right holder may exercise the Stock Acquisition Right only if the Stock Acquisition Right holder loses any and all statuses as a director of the Company (including executive officers in the case of a company with committees), or as an auditor or executive director. However, in that case, the Stock Acquisition Right holder may exercise the Stock Acquisition Right for subscription only during the period from the date following the date on which the holder loses any and all of the above statuses (the "Exercise Period Commencement Date") for ten (10) days after the Exercisable Period Commencement Date.
 - (2) If a Stock Acquisition Right holder waives the Stock Acquisition Right for subscription, the Stock Acquisition Right holder may not exercise the Stock Acquisition Right for the waived subscription.
2. On February 15, 2017, USS revised the Stock Acquisition Rights allocation contracts for the 5th through the 14th issues of Stock Acquisition Rights with all directors and executive officers (except directors and executive officers who have resigned or retired) who hold any of these rights. The condition for the exercise of these Stock Acquisition Rights was revised. Previously, the rights could be exercised during the five-year period starting on the Exercise Period Commencement Date. Now, as stated in the preceding note 1. (1), the rights can be exercised for ten (10) days after the Exercise Period Commencement Date.
 3. As a result of the 10-for-one stock split for common stock which was conducted on October 1, 2013, "Number of shares subject to Stock Acquisition Rights" and "Amount of assets paid upon exercise of Stock Acquisition Rights" were adjusted.

- 2) The Finance Department of the Supervisory Office of Head Office will analyze elements that inhibit the objectives from being achieved and efficiency at all of our offices and subsidiaries based on reports to the Board, comparative analysis of budget against results, and central management of monthly results of all of our offices and subsidiaries, and implement necessary measures.
- 3) Clearly define the professional duties and the division and organization of roles by job duty of the Directors, executive officers, and site managers who perform the job duties, and establish an efficient and effective business management system in response to business expansion.
- 4) Auditors shall also perform monitoring of any excessive pressure for efficiency in the performance of jobs by Directors.

(5) Management shall ensure compliance by staff of USS and its subsidiaries in compliance with the laws, ordinances, and company charter when professional duties are performed

- 1) The Finance Department of the Supervisory Office of Head Office has appointed managers at all offices and subsidiaries and is providing guidance and streamlining activities based principally on the monthly finance reports. In addition, the General Affairs Department and the Management Department of the Supervisory Office of Head Office shall cover general affairs and human resources, Auction Operation Office of Head Office shall cover auction businesses, System Office of Head Office shall cover information management businesses, the management of subsidiaries not including auction businesses shall be performed by appointing a Director in charge, and all shall coordinate to perform management and provide guidance for sensible business operations.
- 2) In addition to disseminating the Compliance Manual to all persons under the employ of the USS Group, a compliance mindset shall be reared through usage of the USS Helpline on Ethical Conduct, which is USS's internal whistleblowing system that uses an independent and outside organization.

- 3) For compliance at all offices and subsidiaries, management shall ensure efficiency when responding to business expansions of the USS Group, while ensuring full compliance. Management shall continually maintain the company's Internal controls systems for documents including but not limited to (i) work rules, accounting rules, and other business management rulebooks, and (ii) information processing and controls for the information processing system on which many business processes are dependent.
 - 4) For monitoring, management shall utilize self-audit reports of all offices and subsidiaries and ensure effectiveness of monitoring by way of audits by the Internal Audit Office and Auditors.
- (6) Management of reports to USS on matters relating to performance of professional duties by directors and such of its subsidiaries

Management shall hold meetings and provide guidance on strategies for each subsidiary based on budget administration and monthly business reports, and establish an internal control system that covers all subsidiaries of the consolidated group.

- (7) Management shall ensure proper operations at corporation groups formed of USS and its subsidiaries
- 1) The Company shall respect the autonomy of all of its subsidiaries under the master policy, which covers all subsidiaries on the consolidated statement, and all subsidiaries as members of the USS Group shall share the mission statement and compliance mindset, and streamline operations including but not limited to our workforce, human resource, accounting, and treasury management.
 - 2) The Company shall ensure consistency between policy and such of all subsidiaries and the management strategy, management policy and such, and a Director in charge shall be appointed at the Company to provide necessary support and adjustments that are needed for sound advancement and growth at all subsidiaries.
 - 3) Auditors shall coordinate with the Internal Audit Office and Accounting experts, and provide advice and warnings when they believe such are necessary.

(8) Management shall ensure sensible financial reporting

- 1) As described in (1) through (6) and (10), the Company shall create and implement company controls for all of the USS Group including the consolidated subsidiaries.
- 2) The Company shall take under consideration not only the purpose that is Credibility of the Financial Reports but also the other purposes of Internal controls (How Valid and Effective are the Businesses; Compliance of Items including but not limited to Laws and Ordinances relating to Business Activities; Protection of Assets).
- 3) Because Company Controls for Settlement and Financial Reporting Processes are linked directly to financial reporting and these are processes that can have important impact, these controls shall be created such that the controls common to the group are also common to the consolidated subsidiaries.

(9) Items concerning employees when Auditors request said employees to be placed to support their work

In the event auditors make this request, the necessary auditing staff shall be appointed, and they shall be put to provide support for auditing work.

(10) Items on ensuring the performance of instructions by employees and independence of employees in the above paragraph from Directors

- 1) Auditor staffs in the above paragraph shall not take instructions and orders from Directors and employees when such individuals receive orders necessary for audit work from auditors.
- 2) In the event staff dedicated to auditing will be named, any instructions, transfer orders, personnel review, and disciplinary action concerning this person shall be cleared in advance by the Auditors (Board of Auditors).

(11) Management of reports to auditors by directors and such and staff of USS and its subsidiaries (Auditors shall be included in the case of its subsidiaries.), management to ensure that persons who make said report will not be treated unfairly for making such reports, and management of reports to auditors.

- 1) The Company has adopted a system at the Supervisory Office of Head Office (Finance Department, General Affairs Department, and Management Department) by which the management of treasury, accounting, general affairs, and human resources for all offices and subsidiaries are streamlined, and all important information of the USS Group are controlled by the Supervisory Office of Head Office and reported to the Auditors and Internal Audit Office.
- 2) The Company shall establish a USS Helpline on Ethical Conduct, which is company's whistleblowing system, by which reports are made to the Auditors and Internal Audit Office via the Supervisory Office of Head Office.
- 3) The mechanism is such that USS and its subsidiaries shall improve internal management to prevent any individuals who make a report to auditors from receiving unfair treatment for making such reports, and auditors will check whether said management is properly functioning. This mechanism further functions in such a way that any individuals who make a report or seek guidance about violation of laws and ordinances or about improper activity to not be treated unfairly for whistleblowing or seeking guidance about such matters.
- 4) The Company shall reinforce the system by which the systems in (1) and (2) above are implemented effectively and safely.

(12) Items on prepayment or disbursement of cost incurred by performance of professional duties by auditors and cost incurred by other such professional duties and the policy on repayment procedure

Auditors Board may prepare in advance a budget to cost what it believes is needed to perform the professional duties. Emergency and unscheduled expenditures by auditors may be reimbursed ex post facto by the company.

(13) Management shall ensure that audits by auditors are effectively performed

- 1) Conduct audits in line with Auditing Criteria for Auditors and with Auditing Criteria on Internal Controls, set by the Board of Auditors. In addition, persons holding auditor posts shall attend Board meetings and other important meetings and submit remarks.
- 2) Reconfirm the division of duties among the auditors for more effective audit work and confirm this understanding with the Board of Auditors.
- 3) Hold briefings with the Representative Director, Outside Director, Internal Audit Office, and accounting auditors periodically.

Overview of the State of Our Operations

(1) Framework on compliance

The Board shall set forth the USS Code of Conduct & Ethics as our basic rules on behavior of all officers and persons under our employ; shall disseminate these rules to all officers and persons under our employ within the USS Group, and shall work to achieve this dissemination through in-house training whenever appropriate.

We have established USS Helpline on Ethical Conduct, which is run by a third party, to serve as our whistleblower interface in the event persons under our employ obtain information on risk of illegal activity and such. The Board will receive reports on important risk information that are reported and brought to the attention of the USS Helpline on Ethical Conduct, and the state of this Helpline's operation will be regularly checked. Furthermore, USS's internal whistleblowing system guarantees that the persons under our employ will not suffer negative consequences from making a report to this Helpline.

(2) Assurance of efficiency and sensibility in the professional actions of Directors

We maintain a proper number of Directors. We also have third parties on our Board and have an executive officer system in order to improve Director oversight and make decisions faster.

8 Board meetings were held in the current term. Items to be deliberated by the Board were distributed in advance so that participants had sufficient time to make preparations. The Board then made decisions on important items relating to management such as budgets, decisions on direction of Management, and items to be discussed as required under laws and ordinances. The Board then analyzed, evaluated, and devised strategies on budget performance by monthly business results, and deliberated on all tabled items with compliance to laws, regulations, articles of incorporation and such, and from the perspective of sensible business practice.

(3) Preparation of controls at our subsidiaries

Our Directors and executive officers are appointed as officers to our subsidiaries, and they audit the performance of duties by Directors of our subsidiaries and others to make certain that those duties are efficiently performed. In addition, we have set forth Rules on Management of Affiliates as our rules on subsidiaries management, and implemented, among other things, pre-approvals on matters that require pre-approval such as important decision-making for subsidiary's business management to perform efficient monitoring of business performance at our company group.

(4) Guaranty that audits by auditors are effectively performed

Employees of the Internal Audit Office support the duties of the auditors, and we have opportunities where opinions are exchanged regularly between auditors and the accounting auditors, the Internal Audit Office, the Management, and all Directors including Representative Directors.

(5) State of performance of internal audits

We perform audits under our audit plan prepared by the Internal Audit Office based on our internal audit rules. Audits check whether our and our subsidiaries' corporate activities are proper under our company rules, code of conduct, articles of incorporation, and laws & ordinances, and whether proper controls are functioning in the business operation streams by using an audit method that includes review of documentation and investigations with the support and cooperation of the Board of Auditors.

7. Master policy on corporation management

(1) Master policy

USS believes that persons who control the policy decisions over USS's finances and businesses must all possess the abilities to ensure and advance USS's corporate value and the interests of our shareholders.

The mission statement of the USS Group is (1) Creation of a fair marketplace; (2) Coexistence with our members; (3) Service to consumers; (4) Returns to our shareholders; (5) Respect for our workforce; (6) Giving back to communities. Our belief is that conducting our businesses under these missions will contribute to USS's corporate value and interests of our shareholders.

Moreover, as a publicly owned company with shares that are freely bought and sold, shareholders should ultimately make decisions about selling shares because of large share purchasing activity. In the event of an action for buying a large amount of our shares, we should not unilaterally oppose the action if it will be beneficial to our corporate value and the interests of our shareholders.

However, there may be a proposal or other action to purchase a large amount of our shares that are inconsistent with our corporate value and the interests of our shareholders. There may be insufficient time and information for the Company and shareholders to examine the proposal and to determine a proposal in response to the offer to buy Company shares. Or a proposed purchase may negatively impact the Company's corporate value and interests of shareholders with respect to management policies after the acquisition and the objective of the acquisition. There may also be proposals that force shareholders to sell their shares or have terms for buying Company stock that are inadequate or inappropriate in relation to our corporate value and the interests of our shareholders.

USS believes that any party that proposes or conducts large-scale purchasing activities like these are not suitable for controlling decisions about the Company's finances and business operations.

(2) Work to put the master policy into force

In addition to working on our businesses, USS will continue to work on the fulfillment of corporate governance duties outlined below under our mission statement so that we may implement the above master policy.

Our group believes that the principal mission of management is to ensure sound and sustainable growth and to fulfill what our stakeholders, including but not limited to our shareholders, have entrusted to us. We will continue to work on the fulfillment of our corporate governance duties because this is the vehicle by which we can accomplish this mission.

Our Board continues to work on swifter decision-making and increased transparency through liaison and coordination between our outside directors, who are highly independent from our organization, and directors who are very knowledgeable about the USS Group's businesses. Furthermore, by using audits by auditors including outside corporate auditors, we continue to work on the fulfillment of our audit functions. We will oversee management by stringent monitoring and the confirmation of items including but not limited to legal compliance, efficiency, and justifiability of duties performed by directors and suitability of decision-making processes.

Our group has established basic rules of compliance, which we call the USS Code of Conduct & Ethics, and our directors lead the program on dissemination of and compliance with the company's rulebook on ethics. Furthermore, we also have established rules on ensuring the credibility of our financial reports and ensuring the appropriateness of our decision-making, which we call the USS Group Internal Governance System. This is an internal governance system to ensure that the operations of our group are performed properly and efficiently.

For the validity of our internal governance system, important items are reported to our board and auditors by our internal audit unit, which performs internal audits based on our annual plan.

- (3) Activities in the master policy to prevent decisions about financial and business policies from being controlled by unsuitable persons

USS adopted the proposal to implement countermeasures in the event of a large purchasing activity involving our shares (acquisition defense plan) at the Board meeting of May 16, 2006. The purpose is to prevent any negative impact on the joint interests of our shareholders and the Company's value from a large purchasing activity. This is part of our framework to ensure and improve the joint interests of our shareholders and our corporate value. Thereafter, this acquisition defense plan was approved by our shareholders at the 29th Period General Shareholders Meeting on June 24, 2009, and 32nd Period General Shareholders Meeting on June 26, 2012, under the term that this plan will continue after certain revisions were approved at these meetings (The plan that was approved by our shareholders at the 32nd Period General Shareholders Meeting on June 26, 2012, will hereafter be referred to as the "Plan").

After a review of the management of the Plan expiring on June 30, 2015, in view of the current business environment we have made the determination that it is not essential to continue this Plan. A resolution not to continue the Plan upon its expiration was approved at the Board meeting on May 13, 2015.

USS however shall continue to take proper and appropriate actions, including but not limited to continuing to seek, even after the Plan expires, under the relevant laws and ordinances, the necessary and full disclosure of information from persons who attempt to make large purchase and acquisition proposals concerning our company shares, as needed by our shareholders to make appropriate decisions, and continuing to disclose the views of our Board, and secure the time and information that are needed to conduct a review by our shareholders.

- (4) Decision of the Board on implementation of the master policy

USS believes that performing the activities in (2) and (3) above as the measures to implement the master policy will lead to ensuring and advancing the joint interests of our shareholders and our company value. USS also believes that this will make it difficult for persons to conduct large purchase activities and acquisition proposals that do not benefit the joint interests of our shareholders and our company value. Furthermore, we will continue to implement appropriate actions, including but not limited to working to ensure that the sufficient time and information necessary for our shareholders to make appropriate decisions are provided in the event of large purchase activities and acquisition proposals. Therefore, we have determined that the measures in (2) and (3) above are in line with the master policy, and these measures are not for the purpose of enabling our officers to maintain their positions.

Notes on consolidated financial statements

I. Basis for preparation of consolidated financial statements

1. Matters related to the scope of consolidation

- (1) Number of consolidated subsidiaries: 10

The main consolidated subsidiaries are listed in “Business Report: 1. Matters relating to the current state of the USS Group: (7) Major parent company and subsidiaries: 2) Major subsidiaries” of “Notice of the 40th Annual General Meeting of Shareholders”.

- (2) Revision to the basis of consolidation

Consolidated subsidiary ARBIZ Co., Ltd. And SMFL MIRAI Partners Co., Ltd., a subsidiary of Sumitomo Mitsui Finance and Leasing Co., Ltd., jointly established a company called SMART Inc. on April 25, 2019. SMART is classified as a consolidated subsidiary.

2. Items concerning application of the equity method

- (1) There is no nonconsolidated subsidiary or affiliate to which the equity method will be applied.

- (2) Number of affiliates to which the equity method is not applied: 4

PT.JBA Indonesia, JBA Philippines, Inc., P2P Inc. and SBI AutoSupport Co., Ltd.

These four (4) companies were removed from the companies to which the equity method will be applied because they do not materially impact our consolidated financial statement.

3. Matters related to the fiscal years of consolidated subsidiaries, etc.

The fiscal year-end of all consolidated subsidiaries is the same as the one used in the consolidated financial statements.

4. Matters related to accounting policies

- (1) Standards and methods of valuation of material assets

- (i) Standards and methods of valuation of securities

Other securities

Those with market value	Market value method based on market prices at year-end (Valuation differences are included directly in net assets, and sales costs are calculated based on the moving average method.)
Those without market value	Cost method based on the moving average method

- (ii) Standards and methods of valuation of inventories
- Cost method based on the gross average method (in which book value is reduced to reflect declines in profitability)
- However, the cost method based on specific-identification method (in which book value is reduced to reflect declines in profitability) is used for vehicles, and cost percentage method (in which book value is reduced to reflect declines in profitability) is used for products in the recycling business.

- (2) Depreciation methods for important depreciable assets

- (i) Property, plant and equipment and investment property (excluding lease assets)
- Declining-balance method
- However, the straight-line method is used for buildings (excluding facilities attached to buildings) acquired on or after April 1, 1998, and for facilities attached to buildings and structures acquired on or after April 1, 2016.

- (ii) Intangible assets (excluding lease assets)
- Depreciation is based on the straight-line method for software used internally over the period the software can be used (five years), for leased land utilization rights over the period that the land can be used (31 to 34 years), and for customer-related intangible assets over the period that there is a benefit (14 to 15 years).

- (iii) Lease assets
- Depreciation is based on the straight-line method with the lease term as the useful life and a residual value of zero.

- (3) Standards of accounting for important allowances and reserves
- | | |
|---|--|
| (i) Allowance for doubtful accounts | To prepare for bad debt losses, the following methods are used. |
| General claims | Method based on actual bad debt rates |
| Possible bad debts and claims in bankruptcy proceedings | Method of evaluating financial conditions |
| (ii) Provision for bonuses | To prepare for the payment of bonuses to employees, the Company posts the current year's portion of estimated bonuses. |
- (4) Accounting method relative to retirement benefits
- (i) Method of attributing expected retirement benefits payment to periods
With regard to calculation of retirement benefits obligation, the benefit formula basis has been adopted to attribute expected retirement benefits payment to the period up to the end of the consolidated fiscal year under current review.
- (ii) Amortization method for actuarial gains and losses
Actuarial gains or losses are evenly amortized using the straight-line method, over a certain number of years (10 years) within the average remaining service years of employees, at the time of occurrence in each consolidated fiscal year, from the fiscal year following the year of occurrence.
- (iii) Accounting method for unrecognized actuarial gains and losses
Unrecognized actuarial gains and losses are recorded in "Remeasurements of defined benefit plans" in "Accumulated other comprehensive income" under Net assets after being adjusted for tax-effects.
- (iv) Adoption of the simplified method for small businesses
Some consolidated subsidiaries adopt the simplified method, according to which the amount that would be required to be paid if all eligible employees voluntarily terminated their employment at the end of the corresponding fiscal year shall be deemed retirement benefits obligations in calculating "Retirement benefit liability" and "Retirement benefits expenses."
- (5) Matters related to goodwill amortization
Goodwill is amortized using the straight-line method over a period of five or 20 years based on a reasonable estimate of the number of years that there will be benefits associated with the goodwill.
- (6) Other basic and important matters for the preparation of consolidated financial statements
- | | |
|--------------------------------------|-------------------------------|
| Accounting for consumption tax, etc. | Tax exclusion method is used. |
|--------------------------------------|-------------------------------|

II. Note concerning Revision to Presentation Method

(Consolidated Statement of Income)

- (1) "Gain on adjustment of guarantee deposits received from member dealers," which was included in "Other" in non-operating income in the fiscal year that ended in March 2019 is now a separate item because this item became more than 10% of total non-operating income. "Gain on adjustment of guarantee deposits received from member dealers" was 43 million yen in the fiscal year that ended in March 2019.
- (2) "Impairment loss," which was included in "Other" in extraordinary losses in the fiscal year that ended in March 2019, is now a separate item because this item became more than 10% of total extraordinary losses. "Impairment loss" was 3 million yen in the fiscal year that ended in March 2019.

III. Notes on the consolidated balance sheet

1. Assets pledged as collateral and liabilities secured by collateral

(1) Assets pledged

Buildings and structures	556 million yen
Land	2,456 million yen
Total	3,013 million yen

(2) Liabilities secured

Current portion of long-term borrowings	220 million yen
Long-term borrowings	2,420 million yen
Total	2,640 million yen

Note: Loans are bank loans of consolidated subsidiary ARBIZ Co., Ltd.

2. Cumulative depreciation for property, plant and equipment	49,170 million yen
Cumulative depreciation for investment property	480 million yen

3. Revaluation of land

We have revaluated the land for business usage per the Law on Revaluation of Land (Law No. 34 Enacted on March 31, 1998). We have posted the tax for the valuation difference under Assets as Deferred Tax Asset from Revaluation, and posted the amount less this tax under Net Assets as Land Revaluation Difference Amount.

Method of revaluation of land

The Company revalued the land for business use by making a reasonable adjustment to the valuation in the land tax ledger, as specified by Clause 10, Article 341 of the Local Tax Law, as outlined in Clause 3, Article 2 of the Order for Enforcement of the Act on Revaluation of Land (Ordinance No. 119 promulgated on March 31, 1998).

Date of revaluation: March 31, 2002

Difference between current market value at year-end and book value following revaluation: $\Delta 772$ million yen

4. National government subsidies

In conjunction with application of reduction entries for fixed assets acquired using national government subsidies, the total reduction entry amounts that were deducted directly from the acquisition cost of fixed assets were 10 million yen for buildings and structures, 3 million yen for furniture and fixtures and 161 million yen for land.

V. Notes on Financial instruments

1. Status of financial instruments

The USS Group invests funds on a sensible scale and purchases financial assets that are very sound. In addition, bank loans are used to procure funds as required by our capital expenditure plans. Derivatives are used solely for the purpose of shielding the Company from risks associated with interest rate and other volatilities associated with fund procurement and investment activities. Derivatives are never used for speculative activities.

Receivables due from member dealers at auctions, which are a type of trade receivable, are vulnerable to credit risks associated with customers. The Company manages deadlines and balances for each member and takes steps to quickly identify and reduce concerns about collecting the amounts due because of a decline in a member's financial condition or for some other reason.

Securities are held in joint management specified money trusts that are used for the management of short-term surplus funds.

Investment securities, which are stocks, are held for the purpose of pure investment or business promotion. Such securities are subject to credit risk associated with their issuers, risks of interest rate fluctuation, and risk of market price fluctuation. The Company periodically examines market prices, the state of issuers and other items, and regularly reviews its holdings.

Payable due to member dealers at the auctions, which are a type of trades payable, are all due within a short term.

Fair values of financial instruments are based on market and, if there is no market value, it is based on a value determined using reasonable calculations. Since these calculations incorporate variables, the resulting fair values may vary when different assumptions are used.

2. Fair values of financial instruments

Book values of financial instruments on the consolidated balance sheet, fair values and differences between these amounts were as follows as of March 31, 2020 (end of the fiscal year). This table does not include financial instruments for which it is very difficult to determine the fair value (see Note 2) and financial instruments that do not have a substantive effect on the financial statements.

(Millions of yen)

	Book value	Fair value	Difference
(1) Cash and deposits	50,729	50,729	-
(2) Receivables due from member dealers at auctions	5,603	5,603	-
(3) Securities and investment securities			
Other securities	6,305	6,305	-
Total assets	62,637	62,637	-
(1) Payables due to member dealers at auctions	8,721	8,721	-
Total liabilities	8,721	8,721	-

Note 1: Matters related to method for calculating fair value of financial instruments and negotiable securities.

Assets

(1) Cash and deposits

Since all of these items are short-term instruments, the book values are used because the fair values are almost identical to the book values.

(2) Receivables due from member dealers at the auctions

These items are shown at their book values because fair values are virtually the same as book values as all of these items are settled within a short period.

(3) Securities and investment securities

The fair values are stock exchange prices for stocks and the applicable book value for joint management specified money trusts because these trusts are short-term instruments.

Notes concerning securities are as follows.

Notes with regard to securities are as follows.

With regard to other securities, acquisition cost, book value and the differences for each category are as follows.

(Millions of yen)

	Category	Book value	Acquisition cost	Difference
Amount on consolidated balance sheet exceeds acquisition cost	(1) Stocks	199	133	65
	(2) Bond	—	—	—
	(3) Other	—	—	—
	Sub-total	199	133	65
Amount on consolidated balance sheet does not exceed acquisition cost	(1) Stocks	105	168	△62
	(2) Bond	—	—	—
	(3) Other	6,000	6,000	—
	Sub-total	6,105	6,168	△62
Total		6,305	6,301	3

- Notes: 1. Acquisition cost in this table is book value after deduction of impairment charges.
2. There was no change in the purpose of holding to any securities in the fiscal year that ended on March 31, 2020.
3. No impairment charges were recorded for any of the other securities with a fair value in the fiscal year that ended on March 31, 2020.

Liabilities

(1) Payables due to member dealers at the auctions

These items are shown at their book values because fair values are virtually the same as book values as all of these items are settled within a short period.

Note 2: Stocks of affiliates (book value of 278 million yen) and unlisted stocks (book value of 43 million yen) are not included in “(3) Securities and investment securities” because they do not have a market price, therefore future cash flows cannot be estimated and it is very difficult to determine its fair value.

Note 3: Monetary claims and the expected redemption amount after the end of the fiscal period for securities with a maturity

(Millions of yen)

	Within 1 year	1 year+ to 5 years	5 years+ to 10 years	More than 10 years
Cash and deposits	50,729	-	-	-
Receivables due from member dealers at the auctions	5,603	-	-	-
Other securities	6,000	-	-	-
Total	62,332	-	-	-

VI. Notes on rental real estate

There are no notes on rental real estate because the total value of such real estate is not considerable.

VII. Notes on per share data

1. Net asset per share 729.12 yen
2. Profit per share 82.44 yen

Note: Net assets per share were calculated by including Company’s shares held by ESOP Trust in treasury shares, which was deducted from the total number of shares issued. However, there was no deduction because the ESOP Trust owned no USS shares at the end of the fiscal year due to the completion of the sale of all of its remaining USS shares. The average number of USS shares owned by this trust during the fiscal year was 49 thousand.

VIII. Significant Subsequent Events

Not applicable

IX. Other Notes

(Impairment loss)

The USS Group recorded impairment losses in the following asset groups.

(1) Assets impaired and amount of impairment

Location	Use	Category	Impairment loss (Million yen)
Edogawa-ku, Tokyo (JAA Inc.)	Other	Goodwill	3,863
Sendai, Miyagi (Rabbit Sendai Bypass Store)	Assets for disposal	Buildings and structures	7
Ageo, Saitama (Rabbit Route 17 Ageo Midorigaoka Store)	Assets for disposal	Buildings and structures	2

(2) Reason for recognition of impairment loss

When USS acquired JAA Inc., goodwill was recorded based on the belief at that time that JAA was able to generate extra earnings. However, the performance of JAA subsequently fell short of the initial business plan. As a result, in the fiscal year that ended in March 2020, the remaining JAA goodwill was reduced to the amount that can be recovered and this reduction was recognized as an impairment loss in extraordinary losses.

At the Rabbit Sendai Bypass store and Rabbit Route 17 Ageo Midorigaoka store, the book value of this asset group was reduced to the amount that can be recovered due to the decision to relocate these stores. This reduction was recognized as an impairment loss in extraordinary losses.

(3) Method used for grouping assets

For goodwill, assets are grouped by business units for which profitability is constantly monitored. For assets to be disposed, assets are grouped for individual stores.

(4) Method used to calculate amounts that can be recovered

The value of the amount that can be recovered in a particular asset group is measured by using the net selling price or the value of using the asset. For JAA goodwill, the net selling price based on real estate appraisals of this company's land and buildings was used to measure the amount that can be collected. For the Rabbit Sendai Bypass and Rabbit Route 17 Ageo Midorigaoka stores, utilization value was used to measure the amount that can be collected. This utilization value was not discounted because the expected length of use is short.

(Supplementary information)

1. Accounting procedure for the Trust Employee Shareholding Incentive Plan

The Company has been conducting transactions to allot its own shares to Employee Stock Ownership Plan through the ESOP Trust for the purposes of improving welfare benefits for employees and granting an incentive to employees to improve the Company's corporate value.

The Trust Employee Shareholding Incentive Plan

Outline of the transaction

In March 2017, the Company reestablished the Trust Employee Shareholding Incentive Plan for the purpose of granting an incentive to employees of the Group companies to improve the Company's medium and long-term corporate values.

According to the Plan, the Company shall establish ESOP Trust at a trust bank and ESOP Trust shall purchase the Company's shares in advance. These shares are to be purchased through the USS employee stock ownership plan over a period of three years after the ESOP Trust's establishment. Thereafter, the ESOP Trust will continuously sell the Company's shares to the Employee Stock Ownership Plan every month until the ESOP Trust reaches its completion. To procure funds to purchase the Company's shares, the ESOP Trust uses bank loans that are guaranteed by the Company.

If the amount corresponding to the gain on sales of stocks through the sales of the Company's shares to the Employee Stock Ownership Plan is accumulated in the ESOP Trust at the completion of the trust, the amount corresponding to the gain on sales of the Company's shares shall be distributed as residual property to eligible persons who fulfill the qualification requirements of beneficiaries.

Also, in the case the amount corresponding to the loss on sales of stocks due to decline in the Company's stock price is accumulated in ESOP Trust at the completion of the trust, the Company shall repay the outstanding balance on the bank loans corresponding to the loss on sales of shares in accordance with the nonrecourse promissory note.

The ESOP Trust ended in January 2020. All of the trust's loans were repaid, ending the obligation of USS regarding its guarantees of these loans.

2. Figures are rounded down to the nearest whole unit.

Notes on non-consolidated financial statements

I. Notes on matters related to important accounting policies

1. Standards and methods of valuation of assets

(1) Standards and methods of valuation of securities

Stocks of subsidiaries	Cost method based on the moving average method
Other securities	
Those with market value	Market value method based on market prices at year-end (Valuation differences are included directly in net assets, and sales costs are calculated based on the moving average method).
Those without market value	Cost method based on the moving average method

(2) Standards and methods of valuation of inventories

Merchandise	Cost method based on the moving average method (by which book value is reduced to reflect declines in profitability) However, the cost method based on the specific-identification method (by which book value is reduced to reflect declines in profitability) is used for vehicles.
Supplies	Cost method based on the last cost method However, the cost method based on the specific identification method is used for vehicles.

2. Depreciation methods for depreciable assets

(1) Property, plant and equipment and investment property	Declining-balance method However, the straight-line method is used for buildings (excluding facilities attached to buildings) acquired on or after April 1, 1998, and for facilities attached to buildings and structures acquired on or after April 1, 2016.
(2) Intangible assets	The straight-line method is used for software used internally over the period the software can be used (five years) and for leased land utilization rights over the period that the land can be used (34 years).

3. Standards of accounting for allowances and reserves

(1) Allowance for doubtful accounts	To prepare for bad debt losses, the following methods are used.
General claims	Method based on actual bad debt rates
Possible bad debts and claims in bankruptcy proceedings etc.	Method of evaluating financial conditions
(2) Provision for bonuses	To prepare for the payment of bonuses to employees, the Company posts the current year's portion of the estimated bonuses.
(3) Provision for retirement benefits	To prepare for payments of retirement benefits to employees, estimated amounts of the Company's retirement benefits obligation at the end of the fiscal year was provided. For calculation of retirement benefits obligation, to attribute expected retirement benefits payments for the period up to the end of the fiscal year under current review, the retirement benefits formula basis was adopted. The actuarial gains and losses are evenly amortized using the straight-line method, over a specific number of years (10 years) to be within the average remaining service years of employees, at the time of occurrence in each consolidated fiscal year, from the fiscal year following the year of occurrence.

4. Other general and significant matters in the preparation of financial statements

Accounting for consumption taxes, etc.	Tax exclusion method is used.
--	-------------------------------

II. Notes on the balance sheet

1. Cumulative depreciation for property, plant and equipment	43,040 million yen
Cumulative depreciation for investment property	1,214 million yen
2. Receivables from, and payables to subsidiaries (excluding independently categorized items)	
Short-term receivables	233 million yen
Short-term payables	623 million yen
Long-term payables	18 million yen

3. Revaluation of land

For the 22nd term (Year ended March 31, 2002), land for business used was revalued based on the law related to the revaluation of land (Law No. 34 promulgated on March 31, 1998). Tax on the revaluation difference was recognized as “deferred tax assets for land revaluation” under assets and the margin was recognized as “revaluation reserves for land” under net assets.

Method of revaluation of land

The Company revalued land for business use by making reasonable adjustments to the valuation in the land tax ledger, as specified by Clause 10, Article 341 of the Local Tax Law, and outlined in Clause 3, Article 2 of the Order for Enforcement of the Act on Revaluation of Land (Ordinance No. 119 promulgated on March 31, 1998).

Date of revaluation: March 31, 2002
Difference between current market value at year-end and book value following revaluation: $\Delta 772$ million yen

4. National government subsidies, etc.

In conjunction with the application of reduction entries for fixed assets acquired using national government subsidies and such, the reduction entry amounts that were deducted directly from the fixed assets acquisition value were 10 million yen for buildings and structures, 3 million yen in furniture and fixtures, 161 million yen for real estate for investment (land).

III. Notes on the statement of income

- Notes:
- Business terms and business term determination method
Under the Company's automobile auction-related regulations, auction transactions are made based on business terms designed for general member dealers.
 - In the "Details of transactions", "Auction related transaction" includes listing fees, contract completion fees, successful bid fees and other auction transactions.
 - Transaction amounts do not include consumption tax and others, but the balances at year-end do include consumption tax and others.

VII. Notes on per share data

- Net asset per share 750.93 yen
- Profit per share 112.53 yen

Note: Net assets per share were calculated by including the Company's shares held by the ESOP Trust in treasury shares, which was deducted from the total number of shares issued. However, there was no deduction because the ESOP Trust owned no USS shares at the end of the fiscal year due to the completion of the sale of all of its remaining USS shares. The average number of USS shares owned by this trust during the fiscal year was 49 thousand.
